

Apology and Correction: Partial Correction

Thank you for participating in the voting process for MUSIC AWARDS JAPAN 2026.

Regarding Entry Works: In the “Announcement of Entry Works” released on March 19, 2026, it has come to our attention that there was an error in the classification of one of the listed works.

We sincerely apologize for any inconvenience this may have caused.

The correction is as follows:

- 10 / Mrs. GREEN APPLE

This work was announced as an entry for the “Best Long-Charting Album”; however, it has been confirmed that it was in fact an entry for the “Album of the Year.” Accordingly, it will be removed from the entries for the “Best Long-Charting Album” and reinstated as an entry for the “Album of the Year.” As a result, the “Album of the Year” will have a total of 101 nominated works, including the album in question, and the “Best Long-Charting Album” will include 50 nominated works, with one work moved up accordingly.

We once again deeply apologize to all concerned parties and fans for the inconvenience caused by this matter.

We will further strengthen our verification processes to prevent any recurrence. In order to ensure the fairness of the voting process, the votes for both affected categories will be reset, and voting for those categories will be conducted again.

Sincerely,

Japan Culture and Entertainment Industry Promotion Association (CEIPA)
